

THE GOLD ROAD TO COMPLIANCE

Helping authors navigate the RCUK Open Access Policy

AHRC · BBSRC · EPSRC · ESRC · MRC · NERC · STFC

START

Is your article funded by one of the seven **Research Councils UK?**

Ensure that you cite funding in the acknowledgements section of your manuscript.

This is sent by Wiley's Author Licensing Service or by the journal's editorial office.

Sign and submit the copyright license agreement and enter RCUK as your funder.

Submit manuscript via journal's submission system. If prompted, answer any funding questions.

Complete the OnlineOpen Ordering Form, at which time you also submit payment.

Upon online publication, the final version of your article is made open access on Wiley Online Library, where it is free to read, download and share under a Creative Commons license.

FINISH

You are permitted to post the final, published PDF of their article on a website, institutional repository or other free public server, immediately on publication.

Wiley also sends the PDF and XML version of BBSRC and MRC funded articles to PubMed Central.
